Abstrack

The Bengkalis State Polytechnic in Bengkalis is the only State Polytechnic in Riau province. Therefore, along with the turn of the year, people's interest is increasing. This is in line with the increasing needs and supporting facilities such as sufficient vehicle parking. Because of that, it is necessary to analyze the data to determine the need for vehicle parking space at the Bengkalis State Polytechnic so that it can be used as a reference by the Bengkalis State Polytechnic to provide parking space. For this reason, it is necessary to analyze data related to the need for parking space at the Bengkalis State Polytechnic. The results of data analysis, obtained the need for parking space as much as 1344 SRP.

Keywords : Parking, SRP, Facilities.
