### **CONCLUSION AND SUGGESTION**

#### **4.1. Conclusion**

In carrying out on the job training for 4 months at Ceria Tv, The author gained a lot of knowledge, experience and new things that the author had not received before. Based on the result of the discussion on "The important Role of Compress un news Coverage of the Ceria Tv Pekanbaru Television Station" at PT. Centro Digital Riau Mediatama (Ceria Tv) Pekanbaru branch, conclusions can be drawn.

In an era that is increasingly dominated by technology and information, humans are required to always know various information. Mass media as a means of information is the most important part of human life. Mass media is a communication and information medium that disseminates information on a mass or comprehensive basis.

Television is a medium that displays audio and visuals. Television has a higher level of effectiveness in conveying messages compared to other media such as radio or print media. Because the information conveyed by television itself is easy to understand because it is heard clearly audio and visible visually. Apart from that, television also displays varied entertainment and information that is easy to obtain.

As time goes by, there is something known as Tv Streaming. A technique called life casting (also called life streaming) is a streaming broadcast about a person or other object via digital media. Generally channeled via internet media which is broadcast continuously.

#### **4.2. Suggestion**

##### **1. Collage student**

It is expected that you will try your best to carry out the work assigned by the company. Apart from that, it is hoped that you will be more selective in choosing internship locations so that the knowledge provided during college can be applied

optimally.

## 2. Company

The agency should direct the interns to carry out the tasks they are going to do so that the interns at the internship site can understand what their job is and what their job is not.

## 3. State Polytechnic of Bengkalis

For the department, it is hoped that it will provide full support to students who undertake internships, can collaborate with various agencies so that intern students can more easily submit their applications to internship locations and can be positioned according to the internship student's concentration.
