

CHAPTER I

INTRODUCTION

1.1 Background of the Apprenticeship

The world of education in the current era of free competition is expected to play a role in supporting all aspects needed to contribute thoughts and real works in building the nation and state. The working world demands to get superior and competitive human resources in the competitive working world. Very necessary for workers who have high professional skills to face developments and global competition both for the present and the future.

Higher education is the highest formal education that will produce Human Resources (HR) who have a high intellectual level to compete in the demands of the working world. Both ability and quality guidance. University are required to prepare good quality human resources to face increasingly fierce competition, one way is to provide opportunities for apprenticeship.

Apprenticeship is a place to express students' ideas in carrying out real activities, this condition makes the process of understanding while in college better. In addition, students get what they haven't gotten while in college (new experiences) and as a process of developing ideas that are always evolving. Based on the apprenticeship experience inputting data, processing data, checking population data at the PT. Bank BRI sub branch office Bengkalis can add new experiences to enter the work environment in the future. Every student of the State Polytechnic of Bengkalis is required to carry out on the apprenticeship with the aim of being able to apply or implement the knowledge that has been learned into the working world.

Besides that, the implementation of apprenticeship as one of the requirements for graduation, is also to get a ready-to-use, skilled and agile workforce. In addition, students are also able to create a work of high value. One way to achieve this is by holding apprenticeship courses, where students can go directly to the field of work to better understand the field they are involved in.

After carrying out specific apprenticeship, the International Business Administration Study Program hopes that with the apprenticeship students can get to know firsthand how the real world of business or work is, and can add insight to each student to be more skilled, responsive, and able to compete and be effective for good. in the future. As a consequence after completing the apprenticeship. each student is required to make a Job Report while carrying out the apprenticeship students can account for the results obtained from the apprenticeship activities and can continue their studies in the next semester.

Based on Law no. 20 of 2003 concerning the National Education System explains that apprenticeship is one of the contents of the curriculum of an educational institution. In this case the educational institution in question is a vocational education institution. The apprenticeship aims to provide practical insights based on the theories learned in vocational education institutions.

For the author himself, the background for doing on the apprenticeship which will be carried out from March 01st, 2022 - June 30th, 2022, among others, is that The Author can apply knowledge in the working world directly and gain experience and also as one of the requirements to be able to complete education in the D4- International Business Administration study program.
