ABSTRACT

There are several Subdistricts in Bengkalis Regency. One of them is Rupert Island. The main purpose of this final project is to make a book of tourist destinations in North Rupert Subdistrict. This research method is classified into descriptive method. This book consists of 19 pages. Consisting of a highlight of Rupert Island, an explanation of tourist objects in the North Rupert district, and also a map of Rupert Island. There are several stages in the making of this book such as data collection, material supply, editing process, and book printing process. This book is expected to encourage tourism objects in North Rupert District. This book can be used to help Tourism Office of Bengkalis Regency, local community, and especially international community to get information about tourism objects in North Rupert Subdistrict.

Keywords: *Guide Book, Tourism Destination, North Rupert Subdistrict.*
