

CHAPTER I

INTRODUCTION

1.1 Background of the Apprenticeship

The Bengkalis Regency Government, through the Gema Bahari Foundation, established a higher education institution named Bengkalis Shipbuilding Polytechnic, which initially had 3 (three) study programs: Ship Electrical Engineering, Ship Building Engineering, and Ship Mechanical Engineering. In its course, Bengkalis Shipbuilding Polytechnic changed its name to Bengkalis Polytechnic and came under the auspices of the Bangun Insani Foundation (YBI) Bengkalis, offering 5 (five) study programs: Shipbuilding Engineering, Mechanical Engineering, Electrical Engineering, Civil Engineering, and Business Administration. In July 2001, Bengkalis Polytechnic admitted its first batch of new students. In 2006, it added 2 (two) new study programs: Business English and Informatics Engineering.

On December 26, 2011, Bengkalis Polytechnic officially became a State Higher Education Institution with the name State Polytechnic of Bengkalis, regulated by the Minister of National Education Decree (Permendiknas) No. 28 of 2011 concerning the Establishment, Organization, and Work System of State Polytechnic of Bengkalis (OTK Polbeng), inaugurated by the Minister of Education and Culture of the Republic of Indonesia. Currently, the State Polytechnic of Bengkalis has 8 (eight) departments, including Shipbuilding Engineering, Mechanical Engineering, Electronics Engineering, Civil Engineering, Business Administration, English, Informatics Engineering, and Maritime.

State Polytechnic of Bengkalis has 18 study programs, consisting of 9 (nine) D-III programs, including Shipbuilding Engineering, Mechanical Engineering, Electronics Engineering, Civil Engineering, Business Administration, Informatics

Engineering, English, Nautical, and Commercial Shipping Management. It also offers 9 (nine) D-IV programs, including Production and Maintenance of Mechanical Engineering, Electrical Engineering, Road and Bridge Design Engineering, International Business Administration, Public Financial Accounting, Software Engineering, Shipbuilding Architecture Engineering Technology, English for Business and Professional Communication, and Information System Security. The Language Department has 2 (two) study programs, one of which is the D-IV English for Business and Professional Communication program. The English for Business and Professional Communication program is one of the study programs at the State Polytechnic of Bengkalis that focuses on business communication and public relations.

State Polytechnic of Bengkalis is a vocational campus that educates its students to develop competence in various fields. The institution implements a mandatory Internship Program for all students. Internships serve as a means for students to develop themselves before entering the workforce. This Internship Program can significantly contribute to the students' development in preparing themselves as well as enhancing their competencies at the State Polytechnic of Bengkalis.

Internships are conducted after students of the State Polytechnic of Bengkalis have completed a minimum of 4 (four) semesters and have successfully passed. Based on the above information, as a student of English for Business and Professional Communication program, the author is required to undertake a 4 (four)-month internship. The author has chosen PT. Riau Andalan Pulp And Paper is the location for the internship to apply the theoretical/conceptual knowledge gained during lectures to real-world work and gain direct experience in applying their knowledge in their field of expertise. Additionally, the author will have the opportunity to analyze problems related to the applied knowledge in their program of study.

During the internship, the author was placed at Hotel Unigraha in the Admin section of the Housekeeping department and GMO department. The Internship Period is scheduled

from February 03, 2025 to June 06, 2025. The implementation of Internship Work is expected to broaden the author's insight into various tasks, ensure proper and effective implementation, and prepare themselves to face the real work environment through the experience gained.

Internship is one of the activities for a student at Politeknik Negeri Bengkalis to fulfill academic requirements. To achieve the expected results, it is very important to understand the objectives and benefits of the implementation of Practical Work. The objectives and benefits of Practical Work are as follows.
